

# LTKD 180 Stroke limiter

The LTKD stroke limiter specifically permits handle and ball rotation only at set opening and closing angles.

The LTKD180 version permits operations for 180° angles.

The LTKD stroke limiter is made up of a single removable plate made of technopolymer, specifically designed to be directly housed on the valve body mounting flange.

It is secured to the valve body by self-tapping screws or plastic rivets.
