

Casella, 28th October 2022

Dear Business Partner,

we are pleased to inform you that, starting from **1st November 2022**, **our products (fittings and valves) made of PVDF will return to being available with standard delivery times.**

However, due to the scarcity of raw materials worldwide, **PVDF is continuing to suffer from a cost variability without precedents.**

We are therefore forced to keep invalid our PVDF price list for the moment considering the inability to compensate for the fluctuations received from suppliers with considerable frequency and in an uneven manner.

All our PVDF products will therefore be quoted upon request thus, please, contact yours Sales Representative or our Supply Chain to receive an updated offer on current prices.

For any further information, you can contact your Sales Representative.

Trusting in your understanding and a fruitful continuation of our business relations, we take this opportunity to offer,

Best regards

Marketing Director Italy
